Civil Unrest Tactical Brief

October 7, 2020

DEFS' RPD 017592

BACKGROUND

On Wednesday, October 7th, 2020, Milwaukee County District Attorney John Chisolm released decision in regards to the Officer Involved Shooting death of Alvin Cole which occurred on Sunday, February 2nd, 2020 at Mayfair Mall, 2500 N Mayfair Rd, case: 20-2687.

In recent history, large groups of citizen protestors have made various demands at numerous community meetings, gatherings, etc. These demands called for the firing and charging of PO Joseph Mensah. On August 8th, 2020, the home of Officer Mensah was shot at with a shotgun. Several suspects have been charged in connection to that incident.

Ongoing protests continue to occur outside the homes of elected officials, and through city streets. Multiple confrontations with police have occurred. As a result of these incidents, several additional protestors have been arrested and either cited or referred for criminal charges.

Due to recent violent protests in Milwaukee, Kenosha, and Louisville and in anticipation of civil unrest from this decision, the Wauwatosa Police Department is putting forth a plan of action.

RULES OF ENGAGEMENT

- ▲ **Discretionary Use of Force:** Unit leaders may use targeted force to protect their unit, the general public, and prevent significant property destruction. Force may be utilized at their discretion based upon the totality of the circumstances and must meet State of Wisconsin justification.
- ▲ **Command Authorized Use of Force:** Large scale utilization, such as mass use of chemical agents, less lethal munitions, and coordinated tactics meant to disperse crowds must be coordinated and authorized by incident command.

DEFS' RPD 017601

RULES OF ENGAGEMENT

- ▲ **Control Devices (Chemical Agents):** The goal of control devices is to overcome active resistance or its threat. Active resistance, unlike passive resistance, involves a subject who is physically counteracting an officer's control efforts under circumstances in which the behavior itself, the environment in which the behaviors occurs, or officer/subject factors create risk of bodily harm. (DAAT manual).
- ▲ **Intermediate Weapons (extended range impact munitions) :**The goal of using intermediate weapons is to impede a subject, preventing him or her from continuing resistive, assaultive, or otherwise dangerous behavior. (DAAT manual).

RULES OF ENGAGEMENT

- ▲ **Chemical Agent Authorization**
 - ▲ Types:
 - ▲ OC
 - ▲ CS
 - ▲ PAVA (synthetic capsaicinoid)
 - ▲ Delivery methods:
 - ▲ Hand deployed
 - ▲ Launchable
 - ▲ Powders
 - ▲ Aerosols
 - ▲ Pyrotechnics
 - ▲ Sting balls
 - ▲ Tear balls
- ▲ **Less Lethal Authorization**
 - ▲ 12-gauge impact
 - ▲ 37 mm impact
 - ▲ 40 mm impact
 - ▲ Pepper ball

DEFS' RPD 017603

Rules of Engagement

- ▲ **Noise Flash Diversion Device Authorization**
 - ▲ Aerial NFDD's may be utilized with command authorization.
 - ▲ Hand-held NFDD's may not be utilized in a civil disturbance setting.
 - ▲ Hand-held NFDD's may be used for tactical operations.

DEFS' RPD 017604

RULES OF ENGAGEMENT

Mode	Purpose
A. Presence	To present a visible display of authority
B. Dialog	To verbally persuade
C. Control Alternatives	To overcome passive resistance, active resistance, or their threats
D. Protective Alternatives	To overcome continued resistance, assaultive behavior, or their threats
E. Deadly Force	To stop the threat

DEFS' RPD 017605

RULES OF ENGAGEMENT

- ▲ **Documentation:** All uses of force must be documented by the team leader. Fill out the “Chemical Agent/Less Lethal Munition Deployment Log.” If body cam is available it is recommended that they be used to document the use of force, to include narration of the circumstances. If video is available, it must be downloaded and turned into Tactical Command as soon as practical.

CONTINGENCY / EMERGENCY

AV's will enter hot zones when safe to extract the injuries party with the support of ground QRF, if necessary.

Injured officers will be recued to AV's.

Injured person(s) will be conveyed to a Casualty Exchange Point (CEP) by an AV, where the Wauwatosa Fire Department will convey to a hospital.

If there are large obstructions, AV's will be utilized to push them out of the way.

CC & MMF will retreat from online in the event of "shots fired" in a warm zone. All Tac units will respond.
